Credit cards are designed to be a flexible form of borrowing. Paying the minimum amount every so often can help you manage your money more effectively, although we would not recommend that you make minimum payments for a long period of time once your promotional offers have ended. Once your account is open, you can set up a direct debit for any fixed amount over the minimum payment by calling **0845 606 2172**. Lines are open Monday-Friday 8am-10pm, Saturday-Sunday 8am-6pm.

The following example highlights the difference between only paying the minimum and paying a fixed amount.

For a purchase of £1,000 on your Lloyds TSB Airmiles Duo Credit Card account...

Monthly Payment	If you pay the Minimum Payment each month	If you pay £50 each month
Without taking into account any introductory rates, how much interest will you be charged in the first year?	£144	£120
How much interest will you be charged in the second year?	£131	£45
How long would it take to clear the balance?	21 years 10 months	2 years 1 month

The above example assumes the following:

- The transaction takes place on 1 January and you make no further transactions.
- You always make the payment each month on the 15th.
- Your statement is produced on the 1st of each month.
- This is a simple example and does not account for any annual fees or introductory rates.
